

Happy Canada Day!

Cachelan wishes you a *Happy and Enjoyable Canada Day!* So take a break, kick back, relax and have Cachelan continue to keep track of the performance for all your sites.

If you still have the temptation to see what is happening to all your sites throughout the year, check out your SolarVu SMART Enterprise view. You can calculate the performance of your solar PV portfolio for any time period. Select from over 30 parameters of interest and sort by any value. Access systems lifetime data to view, print a PDF report or download in CSV format for spreadsheet analysis.
